

NAME: Sonja S. Teelucksingh, Ph.D.
sonja.teelucksingh@sta.uwi.edu

ROLES: C-Change Co-applicant
Biodiversity analysis

DISCIPLINES: Environmental Economics
Environmental Management

KEYWORDS: Biodiversity, Economics, Management

RESEARCH INTERESTS:

Sonja's research interests are on environmental valuation and natural resource management within the region of Latin America and the Caribbean (LAC), with particular reference to Small Island Developing States (SIDS). Her current research focuses on the role of biodiversity in the provision of ecosystem goods and services to the stakeholders of the LAC, the impact of climate change and sea level rise to coastal communities in the Caribbean, and the cost-benefit assessment of management actions that impact the provision of ecosystem goods and services in Europe's regional seas.

BIOGRAPHY:

Sonja S. Teelucksingh holds a Ph.D. in Environmental Economics and Environmental Management from the University of York (United Kingdom). She is a Lecturer at the Economics Department of the University of the West Indies. She is currently on research leave at the Fondazione ENI Enrico Mattei in Italy as a Marie Curie Research Fellow. She is a part of the SALISES team for the socio-economic analyses of the Caribbean communities in the ICURA project, with particular reference to the community of Grande Riviere in Trinidad.
